**DECISION GRANTING STATUS  
UNDER 37 C.F.R. §1.47(a)**

This is in response to the petition under 37 CFR §1.47(a)<sup>1</sup>, filed August 22, 2001.

The petition under 37 C.F.R. §1.47(a) is **GRANTED**.

The above-identified application was filed on February 5, 2001. On March 19, 2001, applicant was mailed a "Notice to File Missing Parts of Nonprovisional Application - Filing Date Granted" (Notice), requiring an executed oath or declaration in compliance with 37 CFR §1.63 and the surcharge for its late filing. Also required was a substitute specification and substitute drawings. This Notice set a two-month period for reply.

In reply, applicant filed the instant petition. Accompanying the petition was a three-month extension of time<sup>2</sup>, a declaration executed by one of the two inventors, as well as a statement by

<sup>1</sup> A grantable petition under 37 C.F.R. §1.47(a) requires:

- (1) the petition fee of \$130;
- (2) a surcharge of either \$65 or \$130 if the petition is not filed at the time of filing the application;
- (3) a statement of the last known address of the non-signing inventors;
- (4) proof that diligent efforts have been made to locate the non-signing inventor;
- (5) a declaration which complies with 37 CFR 1.63.

<sup>2</sup> Petitioner has requested a three-month extension of time, when a four-month extension is required. The difference has been charged to petitioner's Deposit Account, along with the petition fee, as authorized in the petition.

the petitioner, a declaration from the signing inventor, a declaration executed by William Strauss, the President and CEO of the assignee corporation, copies of the certified mail receipt and shipping information, along with the associated letter which was sent to the non-signing inventor, a copy of the employment and assignment agreement between the assignee and the non-signing inventor<sup>3</sup>.

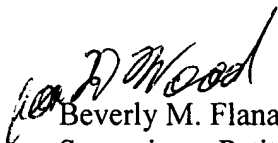

The declaration of William Strauss shows that a copy of the patent application, declaration, and assignment document was sent to the last known address of the non-signing inventor on two separate occasions. Both times the package was not claimed, and was once returned to the sender. This action can reasonably be construed as a refusal on the part of Mr. McCarter to sign the declaration.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition, not the Declaration. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the application will be forwarded to Technology Center 2600 for further processing.

Telephone inquiries regarding this decision should be directed to Petitions Attorney Paul Shanoski at (703) 305-0011.
